

Learning every day in every way through play

Craft and collage

Collect a range of fallen leaves outside to use for collage and craft with paper and glue.

More activities like this:

- Tear up old magazines and greeting cards for collage.
- Cut up materials from old clothes for collage.
- Experiment with different types of glue and different surfaces to see what sticks best.
- Collect old food boxes and recycling that can be used for craft.

What children are learning:

- Being creative and making patterns
- Skills such as gluing, cutting, sticking and tearing
- Recycling and reusing materials
- About seasons and why leaves fall from some trees
- Problem solving and inquiry skills (how will I get this to stick?)
